

Economics of Good and Evil: The Quest for Economic Meaning from Gilgamesh to Wall Street (Hardback)

Filesize: 6.04 MB

Reviews

This book is fantastic. It is really simplistic but surprises inside the 50 percent of the publication. I am just happy to inform you that here is the very best publication i have read through inside my individual life and can be he greatest book for actually.

(Everette Luetngen)

ECONOMICS OF GOOD AND EVIL: THE QUEST FOR ECONOMIC MEANING FROM GILGAMESH TO WALL STREET (HARDBACK)

[DOWNLOAD](#)

Oxford University Press Inc, United States, 2011. Hardback. Book Condition: New. 250 x 165 mm. Language: English . Brand New Book. Tomas Sedlacek has shaken the study of economics as few ever have. Named one of the Young Guns and one of the five hot minds in economics by the Yale Economic Review, he serves on the National Economic Council in Prague, where his provocative writing has achieved bestseller status. How has he done it? By arguing a simple, almost heretical proposition: economics is ultimately about good and evil. In *The Economics of Good and Evil*, Sedlacek radically rethinks his field, challenging our assumptions about the world. Economics is touted as a science, a value-free mathematical inquiry, he writes, but it's actually a cultural phenomenon, a product of our civilization. It began within philosophy-Adam Smith himself not only wrote *The Wealth of Nations*, but also *The Theory of Moral Sentiments*-and economics, as Sedlacek shows, is woven out of history, myth, religion, and ethics. Even the most sophisticated mathematical model, Sedlacek writes, is, de facto, a story, a parable, our effort to (rationally) grasp the world around us. Economics not only describes the world, but establishes normative standards, identifying ideal conditions. Science, he claims, is a system of beliefs to which we are committed. To grasp the beliefs underlying economics, he breaks out of the field's confines with a tour de force exploration of economic thinking, broadly defined, over the millennia. He ranges from the epic of Gilgamesh and the Old Testament to the emergence of Christianity, from Descartes and Adam Smith to the consumerism in *Fight Club*. Throughout, he asks searching meta-economic questions: What is the meaning and the point of economics? Can we do ethically all that we can do technically? Does it pay to be good?...
