Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Some Urgent Phases of Immigrant Life To the President and Members of the National Board of the Young Womens Christian Associations of the United States of America: The Committee of Research and Investigation, appointed by our honored president, Miss Dodge, on April 16, 1910, has found itself facing one of the most serious and wide-reaching problems of our day in America in the task assigned to it of making a study of immigrant young women, their conditions and needs, with practicable ways in which our Association may meet those needs. Our Field for Study and Experiment. For a study of the broader aspects of the subject, we found a mass of statistical material ready for our use in Ellis Island records, in the report of the Commission of Immigration of the State of New York, transmitted to the Legislature in April, 1909, in the issues of the report of the federal investigation which have been sent to us as they have come from the press, and in well authenticated reports of a multitude of other organizations, public and private. In the matter of personal investigation, in order to secure the largest returns from the use of our resources of time and money, we limited our field for intensive study to New York, not all of New York, even - only Manhattan.
